Subject: PRESS RELEASE 6/26/15 - Consumer Confidence Report is Ready

PRESS RELEASE

City of Norman
201 West Gray
Norman, Oklahoma 73069

For Immediate Release: June 26, 2015

Contact: City of Norman Water Treatment Division, 321-2182, wtp_admin@normanok.gov

Consumer Confidence Report is ready

Soon, every water utility customer in the City of Norman will receive an insert in their Utilities bill with an internet link to the 2014 Consumer Confidence Report (CCR) for the Norman Water System. This annual report is required by the United States Environmental Protection Agency (USEPA). The annual report can be accessed electronically at www.normanwater.com. The purpose is to inform the public regarding water quality, consumer demand, and methods of conserving water. The city utility staff at the Water Treatment Plant continually tests the water throughout the treatment process every day to ensure it meets the National Drinking Water Standards set by the EPA.

Paper copies of this report are available at City Hall or can be requested by contacting the Water Treatment Division wtp_admin@normanok.gov, (405) 321-2182.

The Water Utilities Department considers the CCR our opportunity to make every Norman citizen aware of our efforts to meet the EPA drinking water standards and provide exceptional water service every day of the year. We encourage consumers to become informed and help conserve our most precious resource.... water.
